

Who's Gonna Play This Old Piano

Jerry Lee Lewis

Who's gonna play this old piano after I'm not here
Who's gonna sing these sad songs to you cause your eyes to fill
with tears
Who's gonna keep these ivories talking like Jerry's doing now
Who's gonna play this old piano after my last bow
When that final curtain falls and someday Lord it will
Who's take my place on that stage when everything is hushed and
still
Who's gonna touch these keys with feelin' really get to you
Who's gonna play this old piano when my time is through

We've laughed and you know we've cried together done a million
shows
So I kinda think like I have every single right to know
Who's gonna keep this music going who will carry on
Who's gonna play this old piano after the Killer's gone
