

## Another Puff

Jerry Reed

I know there's a lotta talk going around today  
About cigarette smoking whittling your life away  
I've seen it and I've heard it so many times  
That finally it just started to prey on my mind  
I guess it scared me a little bit  
That's why I decided I was gonna quit  
So while I was sitting here forming my battle plan  
I took another puff and turned on the fan  
I just sat there in my easy chair  
And thought of all the money I'd wasted on cigarettes all these years  
I thought how I'd spend the rest of my days  
After I kick this habit my body craves  
Said to myself this ain't gonna be so tough  
With that little bit of assurance  
I took another puff

I took a puff, a puff, then I ripped off another puff  
I decided I'd about had about enough  
That breaking this habit won't be too tough

Now I've give a lot of thought to this thing  
If I didn't smoke cigarettes I'd feel just like a king  
Besides with the price going up every day  
I knew I was just throwing all my good money away  
You know I ain't lit one in an hour or so?  
Just wanted to make sure I could quit you know  
I was thinking maybe I oughta write all this down  
Put it in a song kinda circulate it around  
Can't ever tell it might make a hit  
And that redneck Hall did a little bit  
Can you imagine me a hit songwriter!  
Now where's... where'd I put that cigarette lighter?  
After all it's a habit and a habit you can break  
Just a little bit of willpower son that's all it takes  
I said to myself you got to be tough!  
And with that little bit of wisdom  
I took another puff

I took a puff, and then a puff, then I finally ripped off another puff  
And I decided boy this ain't gonna be tough  
Besides I'd just about had enough  
I'm about ready to quit this rotten habit anyway

Oh I think they ought to take it offa television  
It looks too good! Ow!  
I like them skinny ones with the filter  
Oh give it to me! Give it to me!  
Cigarettes... I say if I quit smoking what'll I do?  
Maybe I'll eat  
Yeah I'll eat cigarettes  
Ahh, I love it I love it I love it I love it I love it I love it  
Chester B don't smoke, he smokes logs!  
Makes you laugh funny too  
Oh my throat's scratchin', oh  
I wish I could think of something bad to say about cigarettes  
Boo on cigarettes, don't smoke don't smoke don't smoke  
You quit smoking that'll leave more for me!

I love it I love it, no I don't love cigarettes ya know  
Don't misunderstand me I hate cigarettes  
Makes ya cough, and when ya don't smoke it makes ya shake  
I don't know what's worse, the shake or the cough  
I think I'll make me a coughshake, oh!  
Son did you ever smoke?  
Oh I remember one time I quit smoking  
I quit for three months  
My wife left me  
So did my children  
She took my house and left  
It was a mobile home
