

Smell The Flowers

Jerry Reed

Yesterdays

Oh, how many do you wish you could relive?

Turn the page and go back

Oh, I wonder what you'd give?

Looking back, does it seem

That when you've planned

And when you've dreamed

You forgot the most important thing

Smell the flowers while the roses bloom

Take the time my friend and sing a happy tune

Oh, how precious every mile, so take a minute, learn to smile

My friend, let's stop a while and smell the flowers

Smell the flowers

Got a troubled mind, friend

Did you let too much worry rule your days?

When you look back

Do you feel like something precious slipped away?

Oh, my friend are you the man

That the world slip through your hands?

Can you remember

When you smelled the flowers?

Smell the flowers while the roses bloom

Take the time my friend and sing a happy tune

You won't have this day again 'cause every road has got to end

So don't forget my friend to smell the flowers

Smell the flowers

Smell the flowers while the roses bloom

Take the time my friend and sing a happy tune

Oh, how precious every mile, so take a minute, learn to smile

My friend, let's stop a while and smell the flowers
