Have You Looked Into Your Heart

Have you looked into your heart? Did you find a memory or two? Even though the flame has died Maybe there's a spark inside Have you looked into your heart?

Have you searched through all your dreams? Did you ever find a trace of me? Even though you say we're through That I'm not the one for you Have you looked into your heart?

When the evening shadows Fall upon my window pane I find I'm crying over and over And over and over again

Ever since we've been apart All I do is pray for your return Take a look and you will see Maybe there's a place for me Have you looked into your heart?
