Career criminal, now my career is crime
My mind is in a fucked up state
A brainwashed state, is the black man's fate, in the ground

but got shot down by demons in patrol cars
Stars good cop, bad cop, stick up the crack spot
The ave won't get hot til one of their crew gets shot
Ask, Larry Davis, how much they took
Cops and crooks, but who's the crooks?
Take a nigga to jail, make bail, guilty or innocent
The system gets ten percent
Frontin like you're doin somethin
But you ain't sayin nothin, invasion
