

Disconnect

Jes

It's been a long day, I can hardly move
Dissapointed with the coming groove
Another alone day, fuck you!
still everybody says the way you feel
I never gonna tell you how far
You can go to hell

Disconnect (Disconnect)
Disconnect (Disconnect)
Disconnect the pain

Cause you think you know me
But you don't know me anymore
You think you got me
My will is bigger than yours
you think you know me
you don't know me anymore
Anymore...

It's been a long day, fuck you!
And everybody says where you've been
And never gonna tell you how far
how far you can go to hell

Disconnect (Disconnect)
Disconnect (Disconnect)
Disconnect the pain

Cause you think you know me
But you don't know me anymore
You think you got me
My will is bigger than yours
you think you know me
know me, know me, know me...
you don't know me anymore

Disconnect (Disconnect)
Disconnect (Disconnect)
Disconnect the pain
X2

Disconnect...The pain...

Disconnect....uuuuuhhhhh!
