

High Glow

Jes

Play a trick on your mind
A crowded room
A snapshot, shot in time
You can run
But you know you can't hide
From all the tricks they're playing on
Your mind

Another shake down
To the way you love
Just cry it out
Don't ever you give up
The days are with you
Till the time you fall
Don't you believe them
Don't you believe it all
Don't you believe it all

I know what you are
I see you so far
I Know where you go
Lost in the high glow
High glow
High glow
High glow

I know what you are
I see you so far
I Know where you go
Lost in the high glow

I know what you are
I see you so far
I Know where you go
Lost in the high glow

High glow
