

You And Me Belong

Jes

Another week in paradise,
Temptation everywhere
Ignite the powers that be,
But don't forget to turn around
And remember how

U and Me Belong...
U and Me Belong...
Another week in paradise,
Temptation fills the air
Ignites a power in me
I'm on the verge of a major break through
And if you want to stay
Hey ,keep your two feet on the ground
And remember how

You and Me Belong...
You and Me Belong...

In the pangs of ecstasy
I will always remember
In the pangs of ecstasy
Lets go back to where we can
Always remember
I can always remember

You and Me Belong...
In the pangs of ecstasy,
Lets go back to where we came
In the pangs of ecstasy
Let s go back to where
We can always remember
I can always remember

You and Me Belong..
