

Stolen crown, pillow down
All tangled in my head
Evening gown, the lights downtown
All dangle in the air
Gates of heaven open, there is me
On the silverscreen
I hope they did good editing
Belle and Beau, buck and doe
A love of tender age
Jill and Joe, do-si-do
A tragedy on stage
Gates of heaven open, there is me
On the silverscreen
I hope they did good editing
Bye, bye, baby, bye, bye
Hello to my beautiful mind, bye, bye
Bye, bye, baby, bye, bye
Hello to my beautiful mind, bye, bye
Bye, bye, baby, bye, bye, bye, bye
Hello to my beautiful mind, bye, bye
Bye, bye, baby, bye, bye
Hello to my beautiful mind
Crystal ball, padded wall
A bright blue TV glare
A moth to light is as lost as I'm found
Fall cellar stairs
Gates of heaven open, there is me
On the silverscreen
I hope they did good editing
Bye, bye, baby, bye, bye
Bye, bye, baby, bye, bye
Bye, bye, baby, bye, bye
Bye, bye, baby, bye, bye
