

# Black Haired Girl

Jesse Malin

Coming down on a Monday  
Another work day  
When I saw her the first time  
She tapped her nails on my window  
She said let's go  
And we left it all behind

Here she comes, down the street  
Mountain high, river deep

Baby baby come on  
Before the summer is gone  
Black haired girl  
Wanna go for a ride  
Just like Bonnie and Clyde  
Around the world  
I can never resist  
My little anarchist  
Black haired girl

She's a seven day weekend  
She don't pretend  
When she's dancin' wild and free  
Her momma she was a singer  
And a dreamer  
But her dad's a mystery

Baby baby come on  
Before the summer is gone  
Black haired girl  
Wanna go for a ride  
Just like Bonnie and Clyde  
Around the world  
I can never resist  
My little anarchist  
Black haired girl

Going down to the beaches  
On the river city line  
Where I tell her my secrets  
She says I'll keep them with mine

Here she comes, down the street  
Mountain high, river deep

We'll be M.I.A.  
In the USA  
My black haired girl  
Gimme gimme a kiss  
With your apocalypse  
At the end of the world  
Baby baby be my  
Miss American pie  
Black haired girl

Come down on a Monday  
Another workday

Looking out of my window  
Where did she go
