

## Block Island

Jesse Malin

All your love  
Is not enough  
The ferry pulled away  
From the Block Island bay  
It had been so many eyars  
And an ocean full of tears  
Oh she's a beautiful baby and oh  
I like her a lot  
Time just slips away  
You can feel it in the bottom of your soul

Learning how to live  
You got so much to give  
Cathy came to town  
And wore her wedding gown  
Oh she's like Coney Island  
At night she lights up the sky  
I'm too scared to dance on those  
Broken hearted beaches of romance

All your love is not enough  
Fly my dove you're in my blood

Baby hold me  
Hold me five minutes more  
While you're walking out the door  
Lonely Jesus on the wall  
He was a drifter man  
But in the end he came again

The ferry came to shore  
And CNN was keeping score  
The happy bride and groom  
Left on their honeymoon  
And I cried all the way from  
Rhode Island to the folks on 6th and A  
All your love is not enough  
Fly away my dove you're in my blood
