

# Prisoners Of Paradise

Jesse Malin

Well I had super heroes  
Silver patroned saints  
I've seen the movie  
I even made that face

I been building it up and tearing it down  
Doing it all my life  
Fanning the flames and breaking the chains  
Prisoners of paradise

Guitar redemption  
From the last picture show  
A karma connection  
Everywhere I go

They keep building it up and tearing it down  
Doing it all my life  
Money for guns, kids on the run, we're prisoners of paradise

You don't want to be a lonely boy  
You can make it on your own

In this vampire nation  
Begins like it ends  
She looked good on paper  
At least I got my friends  
And tonight will be so gone!!!!

We keep tearing it up  
And tearing it down  
Been doing it all my life  
Fanning the flames and breaking the chains  
We're prisoners of paradise  
We keep building it up  
And tearing it down  
Been doing it all my life  
Money for guns and kids on the run  
We're prisoners of paradise  
Prisoners of paradise  
Prisoners of paradise  
Prisoners of paradise
