

# Anybody

Jesse McCartney

She left me hangin' by a thread again  
I stood there waiting like a fool for her  
I never dreamed that I'd be in this place But here I am all alone.  
It's not the first time that she's walked away  
Changed all our plans within the blink of an eye  
And looking back it's always been the same  
But I refused to see it all for what it was

Has anybody ever felt this way  
Has anybody been ripped apart  
Anybody give everything to the one they love  
Am I the only one left behind  
Am I the only one who hates goodbyes  
God I know this can't go on forever

I wonder if she ever thinks of me  
And all the promises she swore to keep  
Some nights I lay in bed just burning up  
'Cause I know that she's out with someone else

I was the one who gave up everything for her  
When no one would listen I heard every word, oh  
It took me so long to see that maybe I am better off alone

God I know this can't go on  
All I wanna do is just move on  
God I know this can't go on forever  
Yeah I know this won't go on forever  
God I know this can't go on forever.
