

Good Life

Jesse McCartney

If I were you I'd be taking it easy
Kick back and relax for a little while
We'll all still be here tomorrow
Take time just to act like a little child
No matter what the world has in store for us
You got the ring that better get off of us
Reach out for a comfortable chair
Rejoice and throw your arms in the air

'Cause it's a good life so why y'all trippin'
The good life slippin' away

If you're boss is giving you pressure
Let go, take a breather in the park
You've got to find out what's your pleasure
In time you'll be singing like a lark
Pretty soon your sorry will chime for all
Somebody will heed your call
Reach out for a comfortable chair
Rejoice, throw your arms in the air

'Cause it's a good life so why y'all trippin'
The good life slippin' away

Trade in some misery for some tender loving care
Cast aside those cloudy days fuses are all to bear
Make up your mind get a whole new lease on life
Reach out for a comfortable chair
Rejoice throw your arms in the air

Reach out for a comfortable chair
Rejoice throw your arms in the air

'Cause it's a good life so why y'all trippin'
The good life slippin' away
