

Superbad

Jesse McCartney

She's a miracle, she got it everybody talkin'
She don't care at all
Watch the way she's walkin' around
Uuuh, she's a classy girl
Got danger in her touch, She should come with a warning
When she struts her stuff, everything is turning
Uuuh, she's a classy girl

My girl is superb, superstar
Got no time for photographs, won't ya?
My girl is superb,
That's a fact, knock your train right off the track
Won't ya!
She's divine all the time
And everything she does, it's always bad design
My girl is superb, That's a fact, knock your train right off the track
Won't ya!

Treat her like a queen,
Don't need no permission
Sex is her routine, she's the definition of
Uuuh, she's a classy girl

My girl is superb, superstar
Got no time for photographs, won't ya?
My girl is superb,
That's a fact, knock your train right off the track
Won't ya! She's divine all the time
And everything she does, it's always bad design
My girl is superb, That's a fact, knock your train right off the track
Won't ya!
You feel me!

My girl's a supersonic sex machine
She would put a technical into screen
Yeah, she's a superstar in daddy dream
My girl is super-super-superbad!

My girl is superb, superstar
Got no time for photographs, won't ya?
My girl is superb,
That's a fact, knock your train right off the track
