

# The Stupid Things

Jesse McCartney

Just charge it to my account  
I hope I haven't gone over my limit  
With interest rates so swift  
No need to scream and shout  
No doubt if women are from Venus now  
I'll get to them somehow

All I want to do is please you  
Please myself by living my life too

And all the stupid things I do  
Have absolutely no reflection on  
How I feel about you  
How I feel ohhh  
All the stupid things I do have absolutely no reflection on  
How I feel about you  
How I feel about you, yeah

Yes I recall  
Skipping on breakfast to play basketball  
And feeling two feet small  
Sometimes you read like William Shakes  
Your scent is sweet like Betty Crocker bakes  
I'd love to have my cake and eat it too

All I want to do is please you  
Please myself by living my life too

And all the stupid things I do  
Have absolutely no reflection on  
How I feel about you  
How I feel ohhh  
All the stupid things I do have absolutely no reflection on  
How I feel about you  
How I feel about you, yeahhhh no no no no no nooo

All I want to do is please you  
Please myself by living my life too

And all the stupid things I do  
Have absolutely no reflection on  
How I feel about you  
How I feel ohhh  
Oh how I feel about you  
How I feel about you yeah  
Ohh Oooo Yeahhh Noo ooo La La La La Laa
