

# Think About It

Jesse McCartney

Shhh... Kwame did it...

We can never let this get out  
Cause' if my girl would ever find out  
She would pack my things and pull me right up out the door  
And your not worth losing my house  
Or leaving me to sleep on the couch  
Cause see, what I got with her is worth so much more

Movin back and forth, not knowing what to do  
Just what's at home is just way too much to lose

It's not that you can run, just still can't make my mind up  
Oh I couldn't live with myself  
If she run away, away  
I want this to go down, you can (??) now  
Cause when I'm with you, I only see her face, her face  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again

And no I'm not willin' to bet ya  
That she won't leave when she catches  
This is way too much pressure for a man to handle  
See I could live with losing you  
But losing her, I just couldn't do  
Cause honestly she's the only girl who makes my house look home

Movin back and forth, not knowing what to do  
Just what's at home is just way too much to lose

It's not that you can run, just still can't make my mind up  
Oh I couldn't live with myself  
If she run away, away  
I want this to go down, you can (??) now  
Cause when I'm with you, I only see her face, her face  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again

Girl I want you so much  
But is it worth losing her love  
I need to think about it  
Cause I don't want to break her heart  
And she does not deserve this, no  
When I think about it

It's not that you can run, just still can't make my mind up  
Oh I couldn't live with myself  
If she run away, away  
I want this to go down, you can (??) now

Cause when I'm with you, I only see her face, her face  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again  
So I need to think about it, think about it, bout it  
Think about it, Think about it, bout it  
Over and over again, again
