

# All I Need

Jesse Powell

You're all I need  
You're all I need

How can I ease your mind?  
Baby, can I come and see you tonight?  
Let me hold you, baby look into my eyes  
So you can see  
I'm down to be  
The only man you'll ever need

Girl, you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

Baby, girl you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

I can't be  
Always right by your side  
Trust me, you're always on my mind  
Don't be, mislead by what others say  
'Cause they don't love you like I do  
Don't let them come between me and you

Girl, you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

Baby, girl you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

You're all I need  
All I really want  
All I really need is you, baby  
(2x)

I'll show and prove  
You're the only one in my life  
And if you're down  
Then we can set this off tonight  
I'll leave no doubt  
About the lovin' I can give  
Girl, ain't no need to trip on me  
I'll leave no room for second guessing

Girl, you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

Baby, girl you're the one for me

I am down faithfully  
All I really want  
All I really need is you

You're all I need  
All I really want  
All I really need is you, baby  
(2x)

Girl, you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

Baby, girl you're the one for me  
I am down faithfully  
All I really want  
All I really need is you

You're all I need

You're all I need
