

# I Belong to Him

Jessi Colter

A thousand ways, a thousand days  
The song of the world haunts a memory  
I played my part, it broke my heart  
But on the mend, I found a friend

I belong to him, I belong to him  
Oh he'll sing a song, I'll even drive along  
Cos the songs I hear are from forever  
Another day, another way we both sing together

I belong to him, I belong to him  
Take my hand, and let's hold his hand, let's stand together  
I wash his feet as I wash your feet, let's all sing together

I belong to him, I belong to him  
I belong to him, I belong to him  
I belong to him, I belong to him  
I belong to him, I belong to him...
