

# You Ain't Never Been Loved (Like I'm Gonna Love You)

Jessi Colter

You ain't never been loved  
Like I'm gonna love you  
You ain't never had done  
What I'm gonna do

I'm gonna take love, sweet love  
And wrap it around you  
You'll know you've been loved  
Before I get through

Funny how I answer  
Every time you call  
Funny how no one else  
Matters at all

Funny to see me to do  
Things I never would  
Funny to have a feeling  
So natural, so good

You ain't never been loved  
Like I'm gonna love you  
You ain't never had done  
What I'm gonna do

I'm gonna take love, sweet love  
And wrap it around you  
You'll know you've been loved  
Before I get through
