

Sound Of Goodbye

Jessica Harp

I'm sitting here
Easing my mind
One last look around
One look to remind
Before I resign
Oh yeah

Now I can sleep
Now I can breathe
My mind's made up
I'm setting you free
Grabbing my keys
Oh yeah

Oh I'm gonna step into my car
I'm just gonna drive
Got no place to see
No need to imply
Do you hear the sound of goodbye

No slamming doors
No reasons why
Not gonna explain
Not gonna justify
Do you hear the sound of goodybe

I won't miss you
My dandelion baby
I loved to kiss you
But you made me crazy
With your lies
Oh yeah

I'll leave on a light
I'll leave you some things
To remind you of us
To remind you of me
Just no room to plead
Oh yeah

Oh I'm gonna step into my car
I'm just gonna drive
Got no place to see
No need to imply
Do you hear the sound of goodbye

No slamming doors
No reasons why
Not gonna explain
Not gonna justify
Do you hear the sound of goodybe

Oh, the sound of goodbye
The sound of goodbye
The sound of goodbye
