

# Sound Of Goodbye

Jessica Harp

I'm sitting here  
Easing my mind  
One last look around  
One look to remind  
Before I resign  
Oh yeah

Now I can sleep  
Now I can breathe  
My mind's made up  
I'm setting you free  
Grabbing my keys  
Oh yeah

Oh I'm gonna step into my car  
I'm just gonna drive  
Got no place to see  
No need to imply  
Do you hear the sound of goodbye

No slamming doors  
No reasons why  
Not gonna explain  
Not gonna justify  
Do you hear the sound of goodybe

I won't miss you  
My dandelion baby  
I loved to kiss you  
But you made me crazy  
With your lies  
Oh yeah

I'll leave on a light  
I'll leave you some things  
To remind you of us  
To remind you of me  
Just no room to plead  
Oh yeah

Oh I'm gonna step into my car  
I'm just gonna drive  
Got no place to see  
No need to imply  
Do you hear the sound of goodbye

No slamming doors  
No reasons why  
Not gonna explain  
Not gonna justify  
Do you hear the sound of goodybe

Oh, the sound of goodbye  
The sound of goodbye  
The sound of goodbye
