

Hold You Close

Jessica Lea Mayfield

I wanna hold you close to me
I wanna hold somebody
I wanna wake up and feel free
I wanna hold you close to me

I wanna miss you when you're gone
I wanna kiss you when you're close to me
Pretend that nothing could go wrong
Whatever it is just let it be

I wanna hold you close to me
I wanna feel you breathing down my neck
I wanna see just what you see when I hold you close to me
