## **Hold You Close**

## Jessica Lea Mayfield

I wanna hold you close to me I wanna hold somebody I wanna wake up and feel free I wanna hold you close to me

I wanna miss you when you're gone I wanna kiss you when you're close to me Pretend that nothing could go wrong Whatever it is just let it be

I wanna hold you close to me I wanna feel you breathing down my neck I wanna see just what you see when I hold you close to me
