

Our Hearts Are Wrong

Jessica Lea Mayfield

hate has brought me up
the stairs into your house
i'll not let hate be the one
to make me naked for you

my self-esteem
is heating up the room
you're intimidating as all hell
but i ain't scared of you

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

love has brought me down
like love's been known to do
i try to deny with all my heart
that i'm in love with you

i don't really care
you knew that's what i'd say

the only time i miss you
is every single day

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

our hearts are wrong
our hearts are wrong

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

our hearts are wrong
our hearts are wrong
