

Nothing Like This

Jessica Lowndes

I dance, I laugh, I smile
I drink, I kiss, go wild
I take advice from all my friends
Who say that I should start again
Forget about you
But I don't know how to
They say

Time heals, so I'll wait
It tell me that is gonna get better
But I'll meet someone
Is gonna help me forget you
So many broken hearts get fixed, yeah
But they must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Nothing like this

This dreams it hurts, it aches
In there, there goes away
And every day when I wake up
I pray that I fall out in love
Forget about you
But I don't know how to
They say

Time heals, so I'll wait
It tell me that is gonna get better
But I'll meet someone
Is gonna help me forget you
So many broken hearts get fixed, yeah
But they must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Nothing like this

Is like we're talking bout rain drops
When I'm leaving in a hurricane
It's like I'm talking bout aftershocks
When I'm standing in the earthquake

Time heals, so I'll wait
It tell me that is gonna get better
But I'll meet someone
Is gonna help me forget you
So many broken hearts get fixed, yeah
But they must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Must have been nothing, nothing, nothing
Nothing like this

Is nothing like
Is nothing like
Is nothing like

Must have been nothing, nothing, nothing
Nothing like this
