

# Kiss Me Hello

Jessica Mauboy

I've tried this love thing before  
And lost it somewhere  
This time I'm not letting go  
For nothing cause somehow boy in my head  
I knew you'd be here  
It would just only take some time for us to get it right

It's a risk but you make it worth taking  
So I let you hold my heart if you're going my way

Boy we can take the long way home  
It just makes sense when I'm with you  
When decided to be over when you can just pull me closer  
Don't say goodbye just kiss me hello  
(Just kiss me hello, just kiss me hello)

You tell the same stupid jokes over and over  
It's funny they never get old  
They keep me laughing boy in my head  
You're always here  
It's like you're always on my mind and never wanna say goodbye

It's a risk but you make it worth taking  
So I let you hold my heart if you're going my way

Boy we can take the long way home  
It just makes sense when I'm with you  
When decided to be over when you can just pull me closer  
Don't say goodbye just kiss me hello  
(Just kiss me hello just kiss me)

It's a risk but you make it worth taking  
So I let you hold my heart if you're going my way

Boy we can take the long way home  
It just makes sense when I'm with you  
When decided to be over when you can just pull me closer  
Don't say goodbye just kiss me hello  
(Just kiss me hello just kiss me hello)
