

# Saturday Night

Jessica Mauboy

Saturday, Saturday, Saturday, Saturday  
I got my cup filled up on the way to the brim brim brim brim  
Black on black Cadillac with the custom trim trim trim trim  
Smoke fillin' up my lungs and i'm blowin' bubble bubble bubble bubble  
It's Saturday night let's get in trouble trouble trouble trouble

So it's about to go down  
Me and my girls 'bout to run this town  
So where we're planning to go don't matter  
'Cause we gonna take control  
Now we got their hair done  
Got the pink and whites  
And we're off gonna see what the fellas are like  
Got the top dropped down on the DB9  
Pushing 90 on the freeway so we gonna make good time

Yeah we go ride ride ride on a Saturday night  
All the girls they just hatin' because they know that we tight  
Gotta get it poppin' 'bout to take the spotlight  
So we ride, we ride on a Saturday night  
We on fire, we go higher  
We ride flyer than you, we ride we ride  
We on fire, we go higher  
We ride flyer than you, we ride we ride

They gone wear high heel shoes  
Me and my girls rockin' Jimmy Choos  
They think that binzo's fun  
We roll out like we're the girl James Bond  
Now we got their hair done  
Got the pink and whites  
And we're off gonna see what the fellas are like  
Got the top dropped down on the DB9  
Pushing 90 on the freeway so we gonna make good time

Yeah we go ride ride ride on a Saturday night  
All the girls they just hatin' because they know that we tight  
Gotta get it poppin' 'bout to take the spotlight  
So we ride, we ride on a Saturday night  
We on fire, we go higher  
We ride flyer than you, we ride we ride  
We on fire, we go higher  
We ride flyer than you, we ride we ride

We ride we go and we rock we roll  
And we pop lock and I drop the top  
I hit a switch and the whip go low  
And my mission for tonight is just to get into some action  
Wake up tomorrow morning and not even know what happened

Yeah we go ride ride ride on a Saturday night  
All the girls they just hatin' because they know that we tight  
Gotta get it poppin' 'bout to take the spotlight  
So we ride, we ride on a Saturday night  
We on fire, we go higher  
We ride flyer than you, we ride we ride  
We on fire, we go higher

We ride flyer than you, we ride we ride
