

# Fairy Tale

Jessica Sanchez

Hey, I'm kinda jealous, I'm kinda mad  
I'm kinda poutin', I'm kinda sad  
Girl, where'd you get him, he's such a find  
You hit the jackpot, one of a kind

Do he got a brother or maybe just another one like him?  
Do he got a homie,  
You can introduce me to?  
Just like him

I'm kind jealous that your boyfriend seems like a fairytale like a  
Fairytale  
He's hella perfect, hella cute, hella fun like a fairytale, like a  
Fairytale  
Did he come to your rescue? Did he win the fight?  
Did he slay the dragon? Did you ride off in the night?

Sorry, I can't stop staring, I'm still in shock  
How did you find him? He's smokin' hot  
Must have paid cupid, more than a lot  
To go searchin' all around the clock for him

But I don't mean to be jealous, I don't mean to be mad  
In fact I'm rather happy, in fact I'm rather glad that I know  
That cupid is on the road and he's gonna find mine

Did he come to your rescue?  
Did he win the fight?  
Did he slay the dragon?  
Did you ride off in the night?
