

# Right To Fall

Jessica Sanchez

Your love belongs to me,  
Don't you run, don't you hide.  
Your love does something to me  
Deep inside, I come alive.

'Cause you and I belong together  
We've been hiding long enough  
We can't care what they approve of  
Can't let them tell us who to love

So let's fight for the right to live  
Fight for the right to give all  
Fight for the right to fall  
Fall, fall in love

We're gonna love, off we  
We're gonna love, off we  
We're gonna love, off we gone  
We're gonna love, off we  
We're gonna love, off we  
We're gonna love, off we gone

I've got the right to fall

If loving you was wrong,  
I don't wanna be right  
And I won't be surprised,  
If I love you for the rest of my life

'Cause you and I belong together  
We've been hiding long enough  
We can't care what they approve of  
Can't let them tell us who to love

So let's fight for the right to live  
Fight for the right to give all  
Fight for the right to fall  
Fall, fall in love

We're gonna love, off we  
We're gonna love, off we  
We're gonna love, off we gone  
We're gonna love, off we  
We're gonna love, off we  
We're gonna love, off we gone

I've got the right to fall  
I've got the right to fall

So let's fight for the right to live  
Fight for the right to give all  
Fight for the right to fall  
Fall, fall in love

I've got the right to fall  
Yeah yeah yeah  
Woah woah woah

I've got the right to fall, yeah  
The right to fall  
The right to fall  
I've got the right to fall
