

Do You Know

Jessica Simpson

Lying here beside you in the dark
I feel the steady rhythm of your heart
Feel your face against my shoulder
Breath upon my skin
Embers barely smoldered
I make love to you again
Nothing in this world compares to this
The way our bodies fit
The way we kiss
Passion beneath your nails just answer my desire
Seems that I am more less consumed here in your fire

Do you know how much I love you
Do you know how much it means to me
The interest that you show
Do you know how beautiful you are here in the afterglow
Do you now I'd walk through hell for you
Barefoot on burning coal
A thousand ways I love you and I need for you to know
Do you know do know do know
Oh do you know

Do you know how much I love you
Do you know how much it means to me the way you make me feel
Like I could soar the heavens gathering shooting stars
Lace them in a bouquet in a rainbow studded jar
Everything that's heavenly to me is what you are
Do you know do you know
Do you know how much I love you
Something deep inside me tells me that you almost know
Do you know
Do you know
Do you know
Do you know ooh
Do you know
Ooh do you know do you know do you know...
