It's all about the way you're feelin

Deep in your heart

When she let you go
I don't doubt you care

Believe that
It tears you apart

Whatcha didn't know,

Someday you'll remember

Why you fell for her

Why you said goodbye

Don't let your broken heart keep forever mending

And miss out on love that is never ending, yeah

R: This could be your final heartbreak
I could show you what good love takes
Never say good bye
Never make you cry
Yeah this could be your final heartbreak
This could be
Your final heart
Your final heartbreak

I don't wanna take advantage
Or maybe I do
And I know it's true
That I can help undo the damage
All of the hurt
That she did to you
You need someone you can talk to
Someone who feels the same
About everything you do
And I could be the one to make you forget her
I wanna be the one to make you feel better - yeah!

## R:

I'll let you feel a love so real
I'll let you know
Oh, I gotta let you know
You will forget
She will regret
Letting you go
I will not let you go
This could be
