

# Kiss Me for Christmas

Jessica Simpson

Let's make this the day  
That we'll remember  
Let's make what what we have  
Forever go on  
Take my hand as your gift  
And fall for me  
You take my heart and we'll forever live on

Pass me your love and I'll pass you mine  
Unwrap me now and I hope before the end of the night you'll

R: Kiss me for christmas  
Kiss me for christmas  
All I want is you  
All you need is me  
Kiss me for christmas  
Kiss me for christmas  
All I want is you  
All you need is me  
Can you believe?  
Do you believe?

As I lay next to you  
In front of the fire  
And a gift of a lifetime is here in our arms  
I look to you boy  
Always look to me baby  
And this feeling we have today will last forever  
It will never be gone

Pass me your love, I'll pass you mine  
Unwrap me now and I hope before the end of the night you'll
