

My Only Wish

Jessica Simpson

If only given one wish for Christmas
A lot of things would truly come to mind
I'd think of everything from snow to trees and mistletoe
But only this one wish would touch my heart

My only wish for Christmas is you
You're the only gift I wanted but had to choose
Above all presents big and small,
You're the greatest gift of all
My only wish for Christmas is you

I don't need all those fancy decorations
I'd do without my mother's pumpkin pie
I'd give up all the Christmas cards
Just to have you in my arms
That's why my only wish this year is you

My only wish for Christmas is you
You're the only gift I wanted but had to choose

Above all presents big and small,
You're the greatest gift of all
My only wish for Christmas is you

Your love means more than colored lights,
More than snowy winter nights
A present any shape or size
Can't match the beauty of your eyes
Of all the things I could receive,
You're the only gift I need
My only wish for Christmas is you

My only wish for Christmas is you
You're the only gift I wanted but had to choose
Above all presents big and small,
You're the greatest gift of all
My only wish for Christmas is you

My only wish for Christmas is you
My only wish for Christmas is you
My only wish for Christmas is you
