

Sweet Kisses

Jessica Simpson

Couldn't look me in the eye
He apologizes
He didn't make enough to take me out tonight
I beg him not to worry
Please don't turn away
I don't need a world of riches
I just need a little time with you and

R: Sweet kisses
All I really need is
Sweet kisses
That's what moves me

His lips are pure emotion
He smiles because he knows
How much I love the way he makes me feel inside
He answers all my wishes
Who could ask for more
Doesn't have to say I love you
All I need he tells me with his

R:

He heals me, he touches me down to my soul
My hearts beating out of control
I just need a little time with you

R:

Sweet kisses baby
It's all I really need from you
Don't need your money baby
Just want you time now baby
Cause that's what moves me honey
Sweet kisses
