

Swing with Me

Jessica Simpson

Ya'll ain't ready for this
Swing with me baby rhythm's got me crazy
Swing with me baby
Dance with me baby

Baby let's start to swing
Skirt flying high while you're twisting me
Shuffle boy to your knees
Work those hands you start ruffling
Feel these legs moving baby
Rub em up and down til they drive you crazy
Don't stop just give it to me
Do the doo wah diddy baby shimmy shimmy shimmy

When I feel you're body of close to me
Steam me up can you feel the friction
Pull my hips baby bend me please
Can ya stand the heat comin from the kitchen
Turn ya on like an
Baby rev you up when I turn the key?
Normally I don't? like to tease
But baby tonight just swing with me

R: Swing with me baby
Rhythm's got me crazy
Shake it for me honey
Work it like you want me
Bass hits the floor and the room's vibratin'
Straight through my hips and I start giratin'
Swing with me baby
Dance with me baby

It's like 100 degrees
Sweat draws you close like honey to bees
You're clothes are soakin' wet
And you ain't felt nothin' yet
Tension just starts to grow
As I spin I let my bloomers show
Baby come on and give it to me
Do the doo wah diddy baby shimmy shimmy shimmy

When I feel you're body of close to me
Steam me up can you feel the friction
Pull my hips baby bend me please
Can ya stand the heat comin from the kitchen
Turn ya on like an
Baby rev you up when I turn the key?
Normally I don't? like to tease
But baby tonight just swing with me
