I Wanna Be Bad

J Sutta

Madame always taught me to behave like this
Put your hands on your lap
You wanna be this
Ooh this this
Watch that body, cover that up
Don't be naughty
Tone it down
I'm so tired of that
with your boom boom cat
Now

Now I'm living it up
I've got my paycheck
trine bring me down
It's such a shame that
You can't handle the fact
That I m ma changed em
You got to go 'cause
I'm about to roll now

I wanna be this, I wanna be that
I wanna be good, I wanna be bad
I wanna get mine
And I wanna have yours
I wanna be the bitch, I wanna be rich
I wanna have this, I wanna have that
I wanna be good, I wanna be bad
I wanna be the bitch, I wanna be rich
You wanna tap this, boy you wish

Boom boom la la la la boom boom
Boom boom la la la la
I wanna be the bitch

You can push my buttons if you want to
But believe that
I'll still be on top of the world
Top of the world
I'm gonna stand so high in my (censored) Stilettos
Yeah that's right I said
You better hush you're talking way too much
Now

Now I'm living it up
I've got my paycheck
Tryna bring me down
It's such a shame that
You can't handle the fact
That Imma change em
You've got to go 'cause
I'm about to roll now

I wanna be this, I wanna be that
I wanna be good, I wanna be bad
I wanna get mine
And I wanna have yours
I wanna be the bitch, I wanna be rich

I wanna have this, I wanna have that
I wanna be good, I wanna be bad
I wanna be the bitch, I wanna be rich
You wanna tap this, boy you wish

I wanna be bad X3
I wanna be bad X3
I wanna be bad X3
I wanna be bad X3

I wanna be this, wanna be that
Wanna be good, wanna be bad
Wanna get mine, wanna have yours
Wanna be the bitch, wanna be rich
I wanna be this, wanna be that
I wanna be good, wanna be bad
I wanna get mine
Wanna have yours
You wanna tap this, boy you wish

I wanna be this, I wanna be that
I wanna be good, I wanna be bad
I wanna get mine
And I wanna have yours
I wanna be the bitch, I wanna be rich
I wanna have this, I wanna have that
I wanna be good, I wanna be bad
I wanna be the bitch, I wanna be rich
You wanna tap this, boy you wish
