

# If I Was A Man

J Sutta

If I was a man just for a day  
I'd take my time on you  
That's what a man would do  
If I was a man just for a day  
And once I had my way  
I'd get up, get up and walk away

Uhh, Monday night  
Tuesday night  
Friday night  
Every night  
Why?  
Cause I can

New York and Japan  
Put the stuff up in the land  
After all  
I'm a man

I'll get to know your family  
Get Yo friends to fall in love with me  
Just happens all so easily  
Ea-si-ly

I'll have you thinking I'm the one  
You play the part I play along  
We can have a lot of fun  
Until I'm done

I can lie and hide and fool your heart  
If I was a man  
For a day if I was a man

Paint it out like a work of art  
If I was a man  
For a day if I was a man

I turn it on  
Turn it off  
Tuturn out  
Turn it up  
Why?  
Cause I can

It's no sweat  
Give the check  
Show respect  
Don't forget you'll pay me later  
That's the plan

I'll get to know your family  
Get Yo friends to fall in love with me  
Just happens all so easily  
Ea-si-ly

I'll have you thinking I'm the one  
You play the part I play along

We can have a lot of fun  
It's a plan

I can lie and hide and fool your heart  
If I was a man  
For a day if I was a man

Paint it out like a work of art  
If I was a man  
For a day if I was a man

If I was a man just for a day  
I'd take my time on you  
That's what a man would do  
If I was a man just for a day  
And once I had my way  
I'd get up, get up and walk away

I can lie and hide and fool your heart  
If I was a man  
For a day if I was a man

Paint it out like a work of art  
If I was a man  
For a day if I was a man

I can lie and hide and fool your heart  
If I was a man  
For a day if I was a man

Paint it out like a work of art  
If I was a man  
For a day if I was a man

Oooohhh Oooohhh

I'd take my time on you  
That's what a man would do

Oooohhh Oooohhh

And once I had my way  
I'd get up, get up and walk away

Oooohhh Oooohhh

I'd take my time on you  
That's what a man would do

Oooohhh Oooohhh

And once I had my way  
I'd get up, get up and walk away
