

# Sexy Lady

Jessie J

[Verse 1:]

You're feeling nervous, having your doubts  
Don't be embarrassed if you don't fit in the crowd  
Keep standing tall and hold your ground  
Show 'em it's not okay to let them kick you down

[Pre-Chorus:]

Oh oh oh oh  
Don't let em ruin your time  
It's now or never, never  
Oh oh oh oh  
Just let em know it's your life  
So do it, use it, flaunt it, own it  
Ahuh, that's right

[Chorus 1:]

Yea, you'd better give it everything you got  
Just show em you're a sexy lady  
Yea, you'd better work it til it's burning hot  
Just show em you're a sexy lady

[Chorus 2:]

Time is now baby  
Look around baby  
Just be proud, you're a sexy lady  
Work it out baby, play it loud baby  
Just be proud, all my sexy ladies

[Verse 2:]

So admit it, it's feeling good  
You're hips are rolling and you love it like you should  
Work up a sweats, enjoy the ride  
Good girl, go get it wear your confidence tonight

[Pre-Chorus:]

Oh oh oh oh  
Don't let em ruin your touch  
It's now or never, never  
Oh oh oh oh  
Just let em know it's your life  
So do it, use it, frown and own it  
Ahuh, that's right

[Chorus 1:]

Yea, you'd better give it everything you got  
Just show em you're a sexy lady  
Yea, you'd better work it til it's burning hot  
Just show em you're a sexy lady

[Chorus 2:]

Time is now baby  
Look around baby  
Just be proud, you're a sexy lady  
Work it out baby, play it loud baby  
Just be proud, all my sexy ladies

[Bridge:]

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

[Chorus 1:]

Yea, you'd better give it everything you got  
Just show em you're a sexy lady  
Yea, you'd better work it til it's burning hot  
Just show em you're a sexy lady

[Chorus 2:]

Time is now baby  
Look around baby  
Just be proud, you're a sexy lady  
Work it out baby, play it loud baby  
Just be proud, all my sexy ladies

You're sexy!
