

Burn It Up

Jessie James Decker

There's no need for talkin' when you're walkin' out the door
There's no need for shoutin' cuz you'll only be ignored
What's the point of fightin' you already lost the war
Give it up!! Give it up!!
You won't hurt me anymore

There's no need to hide it everybody saw your face
Don't even make excuses I won't make the same mistake
There ain't nothin' you can do, there's nothin' left to say
Give it up!! Give it up!!
Doesn't matter t's too late

Took the sheets n tore 'em up, with all the pictures of us
This is for the times you kept me waitin'
Piled up everythin' you got, with some kersosene on top
This is what you get for my heart breakin'

Burn it up, Burn it up, Burn it up
Boy that's what you did to my love
Burn it up, Burn it up, Burn it up
Boy that's what you did to my love

Sheriff understand, I had a man who wouldn't change
Always left me cryin' every time he went away
I know what he was doin', but it took awhile to say
That's enuff!! That's enuff!!
Now were doin' things my way

Took the sheets n tore 'em up, with all the pictures of us
This is for the times you kept me waitin'
Piled up everythin' you got, with some kersosene on top
This is what you get for my heart breakin'

Burn it up, Burn it up, Burn it up
Boy that's what you did to my love
Burn it up, Burn it up, Burn it up
Boy that's what you did to my love

You made your bed, now watch it burn
All up in flames, a lesson learned
You only got what you deserved
The roof is on fire

Took the sheets n tore 'em up, with all the pictures of us
This is for the times you kept me waitin'
Piled up everythin' you got, with some kersosene on top
This is what you get for my heart breakin'

Burn it up, Burn it up, Burn it up
Boy that's what you did to my love
Burn it up, Burn it up, Burn it up
Boy that's what you did to my love

Boy it's what you did to my love
Boy it's what you did to my heart
