

Cry Myself To Sleep

Jessie James Decker

But there's so much I wanna say to you
But the words that never seem to come out by
An explanation seems so long overdue
But Sometimes it takes that long to realize
Cause I lost when I fought that war
don't wanna travel that road no more
don't want to be a casualty of love

I think it's time that I even this score
catch my heart before it hits the floor
This time it's only me I am thinking of
I don't wanna be the one asking
If your heart could ever be unsure
I can see all the signs are perplexing
so I leave this trip with you before
I have to cry myself asleep

It's apparent we must have lost our way
And the compliments don't come that much no more
Ain't it tragic I would have gave you anything like any empty s
hell washed up in the shore

I think it's time that I even this score
catch my heart before it hits the floor
This time it's only me I am thinking of
I don't wanna be the one asking
If your heart could ever be unsure
I can see all the signs are perplexing
so I leave this trip with you before
I have to cry myself asleep
