

# Fall in Love

Jessie James Decker

Oh no, don't look at me like that  
And go slow, try not to move so fast  
Not used to guys like you, it's too good to be true  
I'm scared you won't stick like I'm sticking around  
But the way you hold my hand and the way you understand  
My walls come on tumbling down

Throw my hands up, baby I surrender  
I'm about to fall in love  
So I stand up, let's be together  
I'm about to fall in love  
Cause, you're the one that I want my baby  
You're the one that I want my baby  
I'm about to fall in love  
Throw my hands up, now and forever  
I'm about to fall in love, yeah

You know, exactly what to say  
And your lips, kissing my down so I wake  
It's the way you want my back, and the way you want me back  
I've never felt so, felt so safe  
You always make me smile, and the way you stay awhile  
I know you're never going away

Throw my hands up, baby I surrender  
I'm about to fall in love  
So I stand up, let's be together  
I'm about to fall in love  
Cause, you're the one that I want my baby  
You're the one that I want my baby  
I'm about to fall in love  
Throw my hands up, now and forever  
I'm about to fall in love

I'm on fire, he send me like a rocket  
It's so strong, I don't know how to stop it  
Whatever you got, baby I want it all

Throw my hands up, baby I surrender  
I'm about to fall in love  
So I stand up, let's be together (let's be together)  
I'm about to fall in love  
Cause, you're the one that I want my baby (You're the one)  
You're the one that I want my baby (You're the one I want)  
I'm about to fall in love  
Throw my hands up, now and forever  
I'm about to fall in love, oh
