

# Girl Like Me

Jessie James Decker

I'm moody  
I'm messy  
I leave my own coffee cups on the sink  
But you're cool  
And you help me  
And keep myself together when I go crazy  
You got me wondering  
Why you picked, picked a girl like me

Tell me why  
Tell me why  
Did you pick, pick a girl like me?  
Tell me why  
Why  
Did you pick, pick a girl like me?

When I feel lost  
I feel mental  
You just tell me, "Baby, you created special"  
You make me feel pretty  
When I feel ugly  
And you always have my back when everyone's out to get me  
You got me wondering  
Why you picked, picked a girl like me

Come on now...

Tell me why  
Tell me why  
Did you pick, pick a girl like me?  
Tell me why  
Tell me why  
Did you pick, pick a girl like me?

Everybody wants you  
All the girls love you  
But here you are  
You're only looking at me  
And you got me wondering  
Why you picked, picked a girl like me

Hit me with that solo...  
Hey  
Hey  
Tell me baby  
Why did you pick a girl like me?

Tell me why  
Tell me why  
Did you pick, pick a girl like me?  
Tell me why  
Tell me why  
Did you pick, pick a girl like me?

Hey...
