

# Girls Night

Jessie James Decker

Put your party dress on  
Standing in the mirror with the girls  
Tonight it's so on  
Make another night to remember  
Woah-oh!  
You've got it going on  
She got it on sale at Forever 21

Girls night feeling alright  
Beer in our hands spilling as we dance  
'cuz it's girls night in the strobe lights  
Looking pretty and we know it  
With those "come get me" eyes  
Girls night,  
Yeah, it's a girls night  
Girls night, yeah

Running in to exes  
Gonna show 'em what they've been missing  
Drinking and texting  
Alyssa'a in the back (who's she kissing?)

Yeah!  
You've got it going on  
They're playing our song  
Yeah everybody sing along!

Girls night feeling alright  
Beer in our hands spilling as we dance  
'cuz it's girls night in the strobe lights  
Looking pretty and we know it  
With those "come get me" eyes  
Girls night,  
Yeah, it's a girls night  
Girls night, yeah  
Girls night,  
Yeah, it's a girls night  
Girls night, yeah

Karaoke at midnight  
Streaking in the moonlight  
We're feeling so right  
Party til the sunrise, sunrise!

Girls night feeling alright  
Girls night party til the sunrise  
Girls night in the strobe lights  
Looking pretty and we know it  
With those "come get me" eyes

Girls night feeling alright  
Beer in our hands spilling as we dance  
Girls night in the strobe lights  
Looking pretty and we know it  
With those "come get me" eyes  
Girls night,  
Yeah, it's a girls night

Girls night, yeah
