

# Inevitable

Jessie James Decker

It's not the right time, that's what you say  
But you're wrong  
I'm impatient, 'cuz I know what I want  
I can't wait around, 'til you're done  
I know she's tall n blonde  
But I know, I'm the one

You're in love with me n you just don't know it yet  
Everyone sees it, but you won't admit  
That you're already in too deep n there's no goin' back, No oh  
How much longer are you gonna hide  
Make up your mind before you run out of time  
I know that she's beautiful  
But our love's inevitable

You said 'don't ask me about her' that's the rule  
It drives me crazy, just the thought of her under you  
Why don't you tell her about me  
Tell her the truth (honey)  
It would make things a whole lot easier for you n me

You're in love with me n you just don't know it yet  
Everyone sees it, but you won't admit  
That you're already in too deep n there's no goin' back, No oh  
How much longer are you gonna hide  
Make up your mind before you run out of time  
I know that she's beautiful  
But our love's inevitable

[outro]

And like the night sticks to day  
And like the star breaks the rain  
Oh baby, it's inevitable  
It's just a matter of time, until you n I will be together

'Cuz you're in love with me n just don't know it yet  
Everyone sees it, but you won't admit  
That you're already in so deep n there's no goin' back

And you're in love with me n just don't know it yet  
Everyone sees it, but you won't admit  
That you're already in so deep there's no goin' back  
How much longer are you gonna hide  
Make up your mind before you run out of time  
Hey, I know she's beautiful  
But our love's inevitable
