

# Rain On The Roof Of This Car

Jessie James Decker

I love the sound of the rain on the roof of this car  
Pulls my mind to the time you were here in my arms  
Shut the engine down, no place to go  
Turn your smile on, turn off the radio  
I love the sound of the rain on the roof of this car

Wish you could take me back, back to the summer  
When you and I loved one another  
And we were fallin' hard, like the rain on the roof of this car

Mmm, yeah

I love the sound of your voice in the midnight air  
Fogging up the glass, drowning out the world out there  
You were kissing me, I was kissing you  
When you're sixteen, everything is new  
You and me and the rain on the roof of this car

Wish you could take me back, back to the summer  
When you and I loved one another  
And we were fallin' hard, like the rain on the roof of this car

Oo-oo-oooh  
Oo-oo-oooh, ooh

Oh, it started pouring on the long drive home  
Makes me wonder where the years have gone  
Yeah, yeah

Take me back, back to the summer  
When you and I loved one another  
And we were fallin' hard, like the rain on the roof of this car

Take me back, back to the summer  
When you and I loved one another  
And we were fallin' hard, like the rain on the roof of this car

On the roof of this car  
On the roof of this car
