

Southern Girl City Lights

Jessie James Decker

Uh, that Tennessee breeze
Ain't nothing like being home
Kissing on you and iced tea
But when I've gotta leave
I take a little bit of you
And then some on the plane with me

I fly-y-y-y
Over the sky-y-y line

I'm a Southern Girl (Southern Girl)
And City Lights (City Lights)
No matter where I go (matter where I go)
I keep my head on right (keep my head on right)
And those Hollywood Hills (Hollywood Hills)
And those New York nights (New York nights)
I still look up (still look up)
With stars in my eyes (in my eyes)
'Cause I'm a Southern Girl (Southern Girl)
City Lights but there's no place like home
No place like home

Uh, I'm looking at the moon
And now you're looking up
Thinking about Neptune
But hey, although I'm far away
I'm living my dream
I'll be home in a couple days

I fly-y-y-y
Over the sky-y-y line

I'm a Southern Girl (Southern Girl)
And City Lights (City Lights)
No matter where I go (matter where I go)
I keep my head on right (keep my head on right)
And those Hollywood Hills (Hollywood Hills)
And those New York nights (New York nights)
I still look up (still look up)
With stars in my eyes (in my eyes)
'Cause I'm a Southern Girl (Southern Girl)
City Lights but there's no place like home
No place like home

Oh oh, you're still good to me
Letting me live out my dream

I'm a Southern Girl City Lights
And no matter where I go, yeah
I keep you in my mind
And those Hollywood Hills
And those New York nights
I still look up
With stars in my eyes
'Cause I'm a Southern Girl
City Lights but there's no place like home
No place like home (Southern Girl, City Lights)

(Southern Girl, City Lights) Uh uh
(Southern Girl, City Lights) Uh uh
(Southern Girl, City Lights) Uh uh
