

Thinking About You

Jessie Ware

You won't see me crying
crying over you

You don't see me falling
Even baby when I'm falling for two

Sometimes it's hard to see
you're not watching me
When I want you to

And don't you know I'm dying
Just to spend a little more time
with you

Baby i'm yours
All of the time
I know that you'll never see

I'm thinking about you
(Thinking about you)
Wanna give you all my love
When I'm thinking about you
(Thinking about you)
Just can't give you up
Cos
I don't wanna sleep
I don't wanna leave
I don't wanna way out
I just wanna feel
Every little beat
When I'm thinking about you
(Thinking about you)
Thinking about you

I only wanna give you love
I only wanna sing your sound

I don't wanna give this up
I don't wanna let you down

Baby i'm yours
All of the time
I know that you'll never see

I'm thinking about you
(Thinking about you)
Wanna give you all my love
When I'm thinking about you
(Thinking about you)
Just can't give you up
Cos
I don't wanna sleep
I don't wanna leave
I don't wanna way out
I just wanna feel
Every little beat
When I'm thinking about you

(Thinking about you)
Thinking about you

Maybe I get lost sometimes
But you're the only thing on my mind
And baby you don't see

When I'm thinking about you
(Thinking about you)
Wanna give you all my love
When I'm thinking about you
(Thinking about you)
Just can't give you up
Cos
I don't wanna sleep
I don't wanna leave
I don't wanna way out
I just wanna feel
Every little beat
When I'm thinking about you
(Thinking about you)
Thinking about you
