

# It Means I Love You

Jessy Lanza

When you go, walk away  
When you go, walk away, oh  
When you go, walk away  
When you go, walk away, oh  
When you go, walk away  
When you go, walk away, oh  
When you go, walk away  
When you go, walk away, oh

Look into my eyes, boy  
Know it means I love you  
When you look into my eyes, boy  
Then it means I love you

When you look into my eyes boy  
Then it means I love you  
Yeah, yeah  
If you look into my eyes boy  
Then it means I love you  
I love you, my love

When you go  
When you go, walk away from me

When you look, walk away  
When you look, walk away, oh  
When you look, walk away  
When you look, walk away, oh  
When you look, walk away  
When you look, walk away, oh  
When you look, walk away  
When you look, walk away, oh

Don't know how you do it  
You know that you don't belong  
Like you always waitin'  
You know you ain't ever stop  
If you want me, come and find my love  
If you want it, come and find my love  
My love, my love  
My love, my love  
My love  
Find my love  
If you want it, come and find my love

Look into my eyes boy  
And it means I love you  
Yeah, yeah  
When you look into my eyes boy  
Then it means I love you  
I love you, my love  
My love
