Tell Me

Torn between my lover and my best friend My heart aches when I think about The things I feel for this new infatuation And a friend I could never live without He broke her heart he might break mine All we can do is hope that time will Tell me We found a way to make it Help me To forgive myself If we don't just Tell me We didn't have to break it Tell me all in time Cast a spell so I can see it clearly If he's worth taking the chance Which one of you will turn out to be my soulmate Is it friendship or romance Hard to tell if we never try All we can do is hope that time will Tell me We found a way to make it Help me To forgive myself If we don't Just tell me We didn't have to break it Tell me all in time All we can do is All we can do is All we can do is hope that time will All we can do is hope that time will Tell me We found a way to make it Help me To forgive myself If we don't just Tell me We didn't have to break it Tell me all in time All we can do is All we can do is All we can do is hope that time will All we can do is hope that time will Tell me
